Doug – I just left you a voicemail with the same message. EPA has reviewed the revised workplan from BP and has only one comment to provide. On page 3, under Task 2, "Ultra Ray" should be "UltraRae." I have attached the revised workplan (with comment) and a final AOC to this email. As directed by my management, I am requesting that BP make the correction to the workplan today, if at all possible, so that I can begin the sign-off process today. Steve will be talking separately with Jane about the schedule in the workplan, which should not impact the signing of the AOC. Please let me know if you have any questions.

Thank you,
Jacque

Subject: Wedron, IL - proposed AOC and Workplan from BP

Jacque – I'm attaching a mark-up of the proposed AOC. Jane Bohn had to step out of the office unexpectedly this afternoon, so she might not complete the workplan today. Rather than waiting on everything, I thought I would send the AOC to you, and I will follow up with the workplan as soon as its ready.

As David mentioned in his note yesterday, BP and Illinois Railway prefer to have separate AOCs and workplans. We did confer about the workplans, in an effort to give you consistent proposals.

If you have any questions prior to our discussion on Wednesday, please let me know. Thanks.
